

Wednesday, October 25, 2017
5:30 to 8:00pm
UNH – Elliott Alumni Center

You are the Key to HPV Cancer Prevention plus Panel Discussion

***Offered to you by the UNH - ETA IOTA Chapter of Sigma Theta Tau,
UNH Department of Nursing, and
Southern NH Area Health Education Center***

Low HPV vaccination rates are leaving another generation of boys and girls vulnerable to devastating HPV cancers. Vaccination could prevent most of these cancers. CDC is looking to you to make a strong recommendation for HPV vaccination when kids are 11 and 12 years old. Provided in this presentation is up-to-date information on HPV infection/disease, HPV vaccine, and ways to successfully communicate with patients and their parents about HPV vaccination. Find out how to tell parents that they aren't opening the door to sex—they're closing the door to cancer. Because HPV vaccine IS cancer prevention and YOU are the key.

Agenda:

- 5:30-6:00 Light Dinner
- 6:00-7:00 You Are the Key To Cancer Prevention Presentation
- 7:00-8:00 Panel Discussion

There is no registration fee for this session, however, space is limited.
